

As UNBC employees, we work hard every day to help our students succeed. Giving is another way we show our support and your gift will make a difference!

## Create a Student Award

For as little as \$38.50 per pay period you could establish your own award!

Align your personal giving priorities with the needs of UNBC students. Awards provide encouragement to students, often make a university degree achievable, support student success, and recognize excellence. Donors like you are influencing UNBC's ability to attract and retain students locally, regionally and globally.

## Donate to other areas

Are you passionate about a specific area?

You can direct your donation to many areas on and off campus including research, experiential learning, Indigenous initiatives, student led organizations, existing student awards, student wellness support, research forests, one of the many institutes at UNBC, etc.

## Payroll Deduction

The charitable benefit of your payroll donations will appear on your T4.

## Shares/Securities

Find out how you can transfer your shares to UNBC today.

## Create a Legacy at UNBC

Please consider planning today to make a gift that will last a lifetime.

Legacy gifts provide meaningful and lasting impact that honours you and your family. Your gift has the potential to impact the future of the UNBC community and our students. A planned gift can reduce tax obligations from your estate, leaving a greater legacy for your family. There are many ways to plan a gift:

- Bequest - Name UNBC as a beneficiary in your will with a specific contribution or percentage
- Life Insurance - Name UNBC as the beneficiary or owner of a life insurance policy
- Pension - Name UNBC as a beneficiary of a pension plans or registered asset
